

Curriculum Vitae

Dr.-Ing. Marc Wucherer

Member of the Executive Board of Bosch Rexroth AG

2017-04-10

Since April, 2017 Dr.-Ing. Marc Wucherer has been a member of the Executive Board of Bosch Rexroth AG with responsibility for Sales.

After his studies, he began his career at Siemens AG and later obtained a degree in Business Administration and a PhD in mechanical engineering. His final position there was Executive Vice President of Industrial Applications of the Large-Scale Drives and Motors Division in Nuremberg.

Prior to this, he gained many years of experience in the Asian market as President of the Industry Sector of Siemens in Northeast Asia.

Marc Wucherer has held numerous leadership positions in Research and Development, Production, and in Sales of automation products and systems in Germany and China.

Before moving to Bosch Rexroth AG after many years in the executive management position at Siemens, he worked as Managing Director of wucherer consulting-technology.innovation.strategy.
