

IT'S 
GO TIME

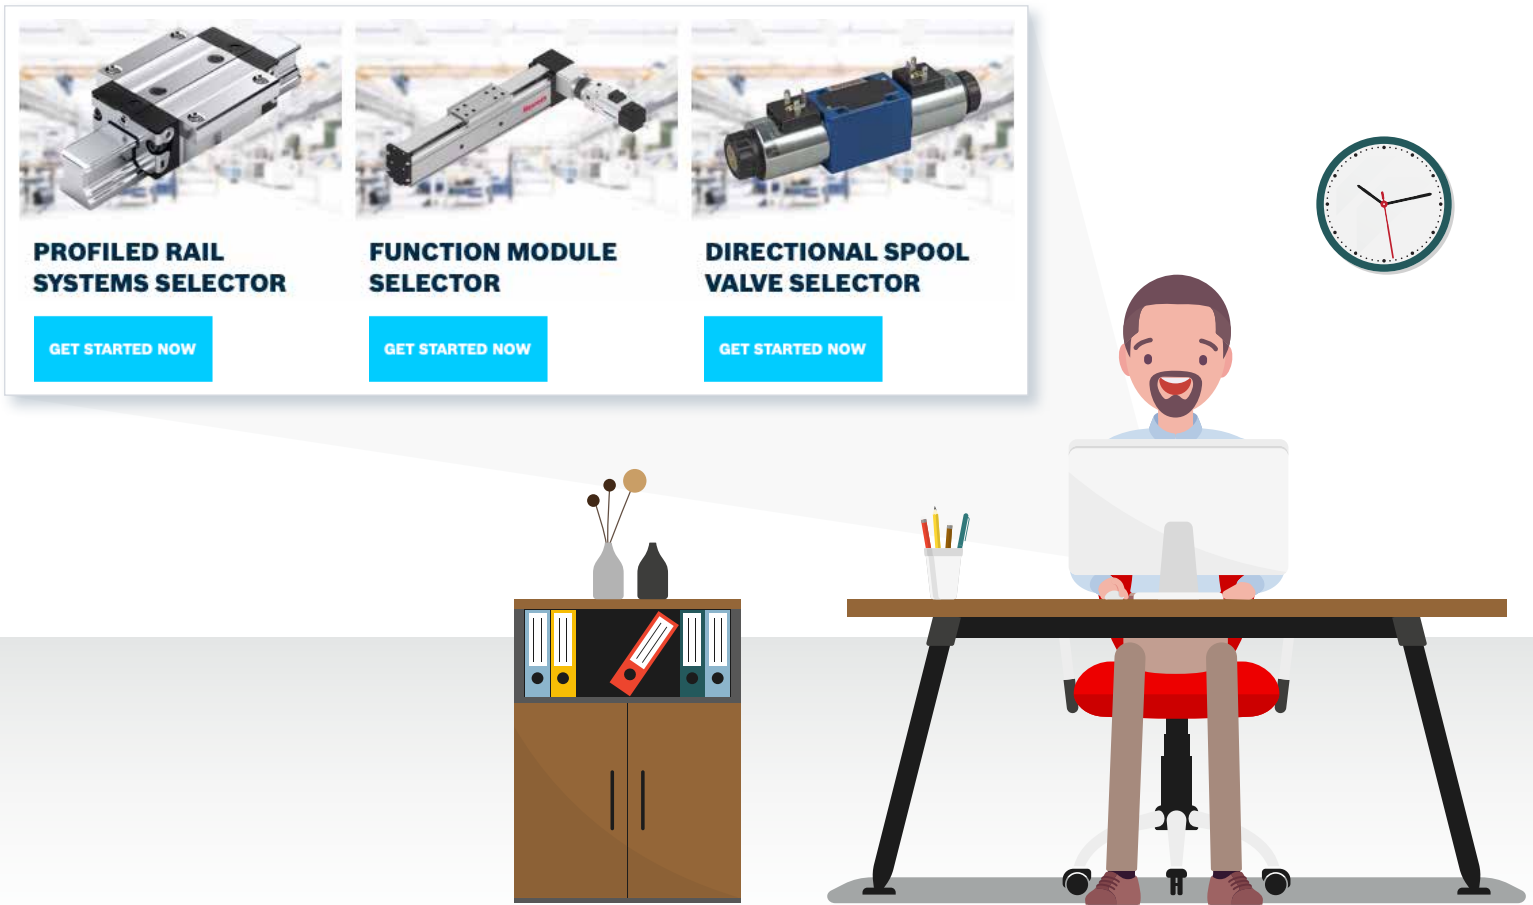

What is the GoSelect from Bosch Rex-

GoSelect is a smart filtering tool that lets machine builders find the right part fast. Simply enter your project criteria and GoSelect will identify the correct part in real time. No complicated catalog. No uncertainty.

Once you've identified the correct component using GoSelect, you can view pricing and lead times, and download a CAD file in a variety of formats.

Should you run into trouble or have a question, you can live chat with a Bosch Rexroth engineering expert.

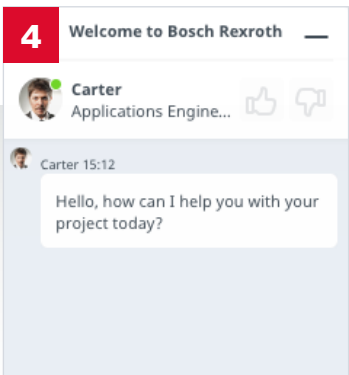

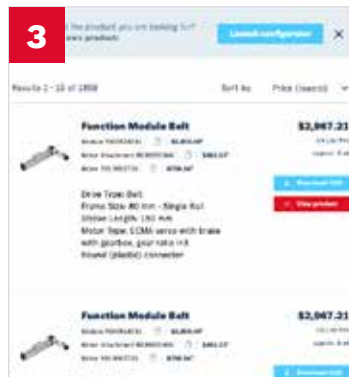

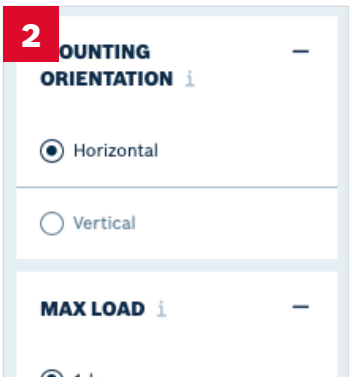

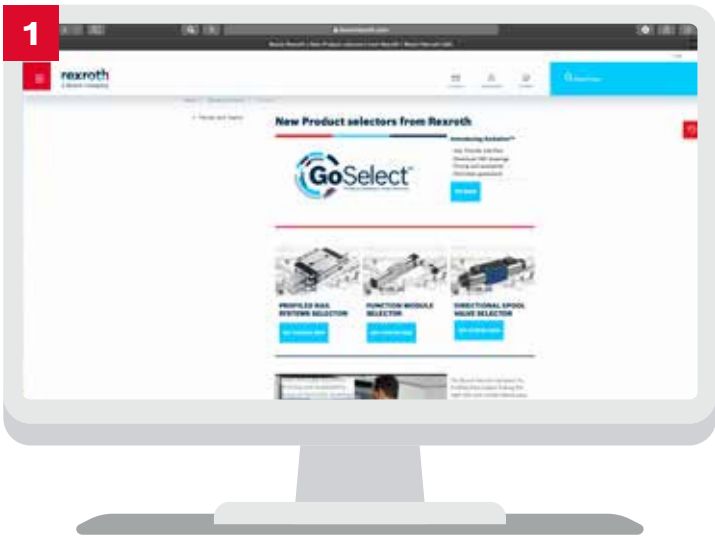

NO MORE GUESSWORK

GoSelect’s intuitive filtering technology enables users to enter their machine criteria and select the right components for the job.

HOW IT WORKS

1. Visit selector.boschrexroth.com
2. Use the product filter to select your project criteria
3. View most popular products
4. Have questions? Live Chat with one of our
